Product Model: P940

Product Part Number: 23A940

Product Description: Modular Power System

This declaration of conformity is issued for the product listed herein, under the sole responsibility of Highland Technology, to certify that:

- Product design and specification are performed under the rigid quality requirements of Highland's engineering standards.
- Direct, indirect, and associated processing materials and services are approved for quality, ethical, and performance expectations.
- Product formulation, manufacturing, testing, and inspection are verified as acceptable by Quality Control prior to shipment, in conformance with the requirements of Highland's Quality System Manual.

The product mentioned herein is certified to meet or exceed all general performance specifications stated in the current published product manual.
